## ISCO PR ReaXus Reciprocating Pump

**Brand:** 

**Product Code:** isco-pr

Availability: Call for availability

Phone: 832-320-7300 - Email: sales@ofite.com

## **Description**

The rugged PR Class consists of dual-headed positive displacement piston. pumps that provide high accurate flows and excellent pressure capability for a variety of uses. Standard fluid path materials are Stainless Steel. Other available features include jacketed heads for temperature controlled processes. The pumps are designed for a wide range of Preparative and Semi-Prep Chromatography as well as SMBC (simulated moving bed chromatography) and many process and industrial applications. With 100 mL/min and 300 mL/min versions reaching pressures up to 4000 psi the pumps will meet the most demanding LC and process needs. Features include an integrated Prime-Purge Valve interactive keypad control and complete PC control and status through RS-232 and Micro USB 2.0 ports. The PR Class provides the flow rates and pressures required for high throughput separations. <strong>Flow Rate</strong> 100 mL/min 300 mL/min <strong>Pressure</strong> Up to 4,000 psi (100 mL/min) <strong>Fluid Path</strong> Jacketed Stainless Steel <strong>Control</strong> RS-232, Micro USB, Run/Stop, Analog (0-10V, 4-20mA) <h2>Specifications</h2> <strong>Flow Rate Range and Max. Pressure Ratings</strong> 0.0-100 mL/min (4,000 psi) 0.0-300 mL/min (4,000 psi) mL/min (1,000 psi) <strong>Pulsation:</strong> ?4% @ 50 mL/min and 500 psi (100 mL) <strong>Pressure Accuracy:</strong> ±2% of full scale pressure <strong>Flow Precision:</strong> 0.5% RSD <strong>Flow Accuracy</strong> Within 3% of set flow rate, 2.0 mL/min and above; 80:20 Water/IPA @ 1,000 psi (100 mL)

set flow rate, 5.0 mL/min and above; 80:20 Water/IPA @ 500 psi (300 mL)
<strong>Flow Precision:</strong> 0.5% RSD <strong>Wetted Materials:</strong> (See Above Options), Synthetic Ruby, Sapphire, UHMWPE, PTFE <strong>Dimensions:</strong> 6.3" H x 10" W x 17" D (16 x 25.4 x 43.2 cm) <strong>Weight:</strong> 30 lbs. (13.6 kg) <strong>Power:</strong> 100–240 Vac (± 10%), 50–60 Hz <strong>Control:</strong> RS-232, Micro USB, Run/Stop, Analog (0–10V, 4–20mA)
